

Love Overcomes All II: The Impact of True Love

What is true Love? Many people think it is just the intense emotion that you feel toward someone special of the opposite sex. But it is much more than that. Because if that intense emotion was all that we have, when the trials, afflictions, and hard times come along, we would not survive or stay together. True love is when the hard times are here, you know, all the negative stuff; if you are able to forgive and still love each other, you don't turn tail and run; you can stay together and work it out, that is true love. Your love will be tried, if you can't handle the tough times that was not true love. Love covers a multitude of faults. Now that the honeymoon is here, Millie and Ulyses started their new life; let us see how their love stands the test.
