

The Science Of Getting Rich

First published in 1910, this short book sets out the way you can become rich, using things like visualisation, belief and the law of attraction. Chapters include, The Right To Be Rich, There Is A Science Of Getting Rich, The First Principle In The Science Of Getting Rich, Gratitude, Thinking In The Certain Way, How To Use The Will, Getting Into The Right Business, The Advancing Man, and Efficient Action. If you believe in this stuff (and I personally do), then this is a good little book to reaffirm those beliefs. Global Grey editions are fully formatted and always have linked table of contents and cover page. Footnotes and illustrations are included when applicable.
